X-Treme JetPack Adventures is a leading water sports adventure company in East Tennessee! You've seen them in the news, you've watched videos on your Facebook feed, but now is the time to partake in the fun that takes the 2015 storm! Be the first to add a review of Xtreme Jetpack Adventures. It was one of the most amazing things I did this past year. It was incredible. Explaining the feeling of flying with the impeller with water is very difficult to do. It's like nothing you've ever done before. Seriously, ask one of your friends if they have done a jet pack water adventure, and they will ask: What is it? You will be one of the few who have experienced this! The instructor can talk to you during the flight! During my flight I wore a helmet that had speakers in it and Jeremy, the owner, was able to ask me while I was flying. At some point during my flight he took me into the air and said: dive down like your diving off a diving ship. I was like WHAAAT! But being adventurous type, I went for it. It was exciting! Flying around the lake was pretty cool. A lot of people will say: You feel like a superhero. I agree, you feel invincible as you fly all around. Finishing your flight is the worst part because you don't want to end it! It was a I got a minute to get hanging on how to move my legs and knees, and when I had it down, I didn't want to stop. My TOP 3 Reasons You Should Give This A Try #1 you will have tried something not many other people have done! #2 It's crazy and extreme, but very easy! #3 you will have learned a new water sport! Sports!
